## Abrantes

...venha conhecer...venha desfrutar.

À Margem de tudo, mas a uma hora de Lisboa e duas do Porto, o Rio Zêzere estende-se numa imensidão de água rodeada por extensas manchas de floresta, onde os povos que nela habitam são os poucos que dela desfrutam.

Propensa aos desportos náuticos, a Albufeira de Castelo do Bode oferece-nos a possibilidade de relaxantes e saudáveis caminhadas, ao longo das suas margens ou aventureiros percursos todo o terreno, onde o relevo acentuado é compensado por infindáveis vistas sobre a Albufeira.
